

REMARKS

The Examiner is thanked for the careful examination of the application, and for the indication of allowable subject matter.

In response to the election requirement, Applicants hereby elect species II, which the Examiner has identified as including claims 19 – 23. However, it appears that claims 20 – 22 should be in species I, so they have been cancelled.

In addition, claim 13 has been put in independent form, in the condition in which it was first allowed. Although claim 13 is in species I, because claim 13 has already been allowed, Applicants submit that there would be little or no additional burden on the part of the Examiner to maintain claim 13 in the application.

The Examiner has also indicated that claims 19 and 23 are in condition for allowance. Accordingly, the entire application should now be in condition for allowance.

New claim 24 depends from claim 13, and has been added to include the term "automatically", which was added to claim 10 in the last response. Accordingly, claim 24 is also clearly allowable.

In the event that there are any questions concerning this response, or the application in general, the Examiner is urged to telephone the undersigned.

Respectfully submitted,

BUCHANAN INGERSOLL & ROONEY PC
